Make Yourself Comfortable.™

Ultimate Comfort in Any Room at an Affordable Price

The 16 SEER System offers a high-quality wall-mounted unit that provides Zoned Comfort Solutions® at an affordable price.

With a 16.0 Seasonal Energy Efficiency Ratio, this is the premier choice for energy-efficient cooling and heating.

Capable of cooling, heating, dehumidifying and more, it'll keep you comfortable all year long.

Simplified, But Personified

Designed for more than just summer cooling, with its built-in heat pump and additional operating modes, the 16 SEER System delivers powerful single-zone comfort.

Perfect for rooms that lack existing ductwork, this unit is excellent for medium-sized residential spaces like:

- Hot or Cold Rooms
- Lofts
- Bedrooms
- Sunrooms
- Enclosed Porches
- Basements
- Home Offices
- Garages
- Attics
- Media Rooms
- Bonus Rooms

System Features

Single-zone Heat Pump Systems: 9, 12, 18, 24 KBTU/H

Efficiency: 16.0 SEER/8.5 HSPF

Cooling Operating Range: 32° F to 115° F

Heating Operating Range: 5° F to 75° F

Customizable Fan Speed: Choose the perfect fan speed for you from low, medium, high, and super-high.

Programmable Timer: A 12-hour programmable timer lets you set the unit to automatically turn on or off in 1-hour increments.

Auto Restart: With its automatic restart feature, your settings will be remembered if a power outage occurs.

Remote Controlled: Operate this unit from the comfort of your favorite seat with the included remote control. From adjusting the fan speed to changing the operating mode and set temperature, all it takes is the press of a button.

Quiet Operation: A quite, relaxing space is within reach. Operational noise is as low as 22dB(A).

Heat Pump: INVERTER-driven

ECONO COOL Mode: An intelligent temperature control feature that adjusts the amount of air discharged based on the air-outlet temperature.

Blue Fin Heat Exchanger: An anti-corrosion coating applied to the heat exchanger of the outdoor unit. This treatment prevents the deterioration of the aluminum fins caused by salt, especially in the coastal areas.

Air Filter: This filter is anti-mold and can remove dust particles from the air.
