

Zoned Comfort Solutions®

The smartest way to heat
and cool any space

Take full control of your monthly bills and comfort with room-by-room control – a more efficient way to cool and heat your home or business.

Unmatched Quality, Uncompromising Control

Mitsubishi Electric is the top selling brand of zoned air conditioning and heating systems. You will enjoy cleaner air and superior control of cooling, heating and your monthly energy bill. In addition to being quiet, intelligent and efficient, our systems provide extraordinary service life for a lower cost of ownership.

Define Your Comfort Zones

With this technology, it's simple to assign your bedrooms, kitchen, living room, office, basement and other spaces to different "zones" so each room is always comfortable. Once you decide what temperature you'd like a specific zone to be, the system will quietly maintain that temperature while using the least amount of energy needed. For additional energy savings, you have the option to not cool and heat unused rooms.
